Jazz Piano Etudes for the Improvisation Student

75 Track Play Along Audio CD included

by Rob Mullins

Price: \$24.95
Includes audio CD

Improve your jazz improvisation skills by playing composed etudes in every key. All etudes are over rhythm changes. This 56 page book includes performance ideas, an explanation of how to read jazz notation, simple and advanced rhythm changes, charts in standard jazz notation and Roman numeral notation. It also includes discussion about the evolution of rhythm changes and George Gershwin.

With the audio CD, you can play along with Rob at three tempos: Novice, Intermediate, and Professional. The CD includes bass and drum tracks with no piano so you can be the star of your own jazz trio. Bonus CD tracks include drum tracks for three choruses each, at each of the three tempos, so you can work with the etudes repeatedly without stopping, or you can have a bass player join you for your practice session.

Jazz Piano Voicings An Essential Resource for Aspiring Jazz Musicians

by Rob Mullins
Published by Hal Leonard Corp

Suggested retail price: \$19.95

The jazz idiom can often appear mysterious and difficult for musicians who were trained to play other types of music. Long-time performer and educator Rob Mullins helps players enter the jazz world by providing voicings that will help the player develop skills in the jazz genre and start sounding professional right away – without years of study!

This 202 page paperback edition is published by the Hal Leonard Corporation. It contains chord voicings for all keyboardists wishing to improve their knowledge of chords and how to make them on their piano or keyboard. Included are a numeric voicing chart showing how to make jazz chords even if you can't read music, an easy to understand explanation of how the jazz musician takes a chord from a classical piece and turns it into a jazz chord, and exercises with bass lines showing all the important chords in the jazz piano vocabulary.

The Blues Step by Step for Keyboard Players

43 Track Play Along Audio CD included

by Rob Mullins

Price: \$24.95
Includes audio CD

Learn the blues from the simplest form to the most complex with audio and notation examples. Take the blues from Step 1, beginner level, to Step 12, professional musician status. This 83 page book is based on a simple Duke Ellington blues song titled "C Jam Blues" and shows you every step of right hand and left hand combinations. Part two of the book gives you melodic licks to play over the chord changes so that you can start building an improvisational vocabulary of jazz and blues licks right away!

You can also just use your ears by playing along with the CD. The play-along audio CD features the blues changes recorded in all 12 major keys so everything you learn in the key of C can be played in all other keys with a professional jazz rhythm section. For all the exercises contained in the book, the CD includes a piano, bass, and drums version as well as a version without the piano so you can be the star, accompanied by bass and drums!
